

The benefits of studying a HND/HNC in Engineering at Uxbridge College

Why study Higher Education (HE) at Uxbridge College:

- The Engineering department has a range of modern equipment and software to assist learning, dedicated HE room with modern IT facilities, affordable and highly competitive fees as compared to many other institutions, experienced and specialist teaching staff with modern facilities and excellent pastoral care.
- In year 2, students are encouraged to take innovative and challenging projects as per their aspirations. Good support and guidance is provided by specialist technical staff. Students visit engineering companies to enrich curriculum experience. They also visit local university and have extra curricular sports facilities.
- The Engineering department has links with some local employers who provide specialised projects and students can work on if they are interested in.
- Higher Nationals provide opportunity to progress to employment after achieving their qualifications.
- A few universities offer opportunities (e.g. West London, Greenwich, Sunderland, London Metropolitan, etc.) to progress to final year of degree after completion of HND (based on student grades & successful application). Tutors provide professional advice to assist students in securing progression to university/ employment.
- Good achievement rate, all our staff encourage and provide support to students to achieve best results.

We offer the following courses at HNC and HND Level at Uxbridge College:
