

IOSH Managing Safely

What is IOSH Managing Safely?

IOSH Managing Safely Certificate is a dynamic and practical 4 day Health and Safety training course designed to educate line managers on their Health, Safety and Environmental responsibilities and build the confidence to put it all into practice.

Course aims

This course aims to cover all major HSE issues and provide delegates with the right level of knowledge and practical experience needed to manage key issues within their teams.

Who is it for?

- Line managers
- Supervisors
- Individuals responsible for teams or groups of employees who require a basic knowledge of Health and Safety

What will I learn?

By the end of the course the candidates should be able to:

- Identify their responsibilities for health and safety
- Explain the reasons for preventing workplace accidents
- Explain the reasons for preventing occupational ill health
- Define 'hazard', 'risk' and 'risk assessment'
- Identify common hazards in the work place
- Outline the requirements for the control of waste and pollution
- Identify the best techniques to control key risks
- Identify the demands of the law and how the legal system works
- Describe a health and safety management system
- Identify why and how accidents should be investigated
- Outline basic performance indicators for monitoring activities
- Carry out a risk assessment

What is the course duration?

4 days

Course Programme

This course covers **8 units** over 4 days:

- **Module 1:** Introducing Managing Safely
- **Module 2:** Assessing risks
- **Module 3:** Controlling risks
- **Module 4:** Understanding your responsibilities
- **Module 5:** Identifying hazards
- **Module 6:** Investigating accidents and incidents
- **Module 7:** Measuring performance
- **Module 8:** Protecting our environment

Assessment and Certification

- An objective (short answer) test
- A practical assessment in the workplace

Each delegate is required to sit a short answer test during the course and submit a hand written practical assessment after the last day of the course. This paperwork is explained during the course by the tutor. Candidates who attend and successfully complete the course will be awarded a certificate from the Institution of Occupational Safety and Health (IOSH).

IOSH Managing Safely certificates are issued by the examining body IOSH approximately 12 weeks after the last day of the course ending including exams.

Costs
